

Covid Through the Eyes of a Teenager

You are making **history** and your story will be **told for generations to come**. No living person on the earth has ever experienced what you are living through each and every day. This affects everybody differently and we wish to give you an opportunity to **catalogue your experiences** (i.e. the effect on you, your family, your household, your emotions, your education , your social life, your relationships, your holidays and much more). All our lives have changed so much since the announcement from the Minister for Education on March 12th **“Schools To Close For Two Weeks”**.

We would like you to **record your experiences**, so that we can put them in a time capsule in the school, to be opened when we are all old and grey! You can **use whatever medium you like** to record your experiences. It may be in the form of;

- Descriptive essay
- Diary
- Photographs
- Video
- TiK Tok
- Art
- Poem
- Song
- Or any other way that works for you
- Or a combination of the above

Time Capsule

All entries will be put in a time capsule to be opened in twenty years time and may then be stored in Ireland's National Archives for future generations to enjoy.

Competition

Our Board of Management & Parents Association have kindly agreed to put up some prizes for different categories like Best Junior Entry, Best Senior Entry, Most Novel Entry etc
