HOME-SCHOOL-COMMUNITY LIAISON SCHEME

Coláiste Mhuire Co-Ed

“The relationship between the home and school is based on partnership, a working relationship that is characterised by a shared sense of purpose, mutual respect and the willingness to negotiate. This implies a sharing of information, responsibility, skills, decision making and accountability” (Pugh, G.)

Rationale

Coláiste Mhuire Co- Ed believes that the process of education is shared between the school and other education providers, family, and community. This partnership acknowledges parents as the pupil’s primary educators and encourages the contribution they can make to raising standards and developing citizenship. This policy aims to set out the aims of the Home School Community Liaison Scheme and to outline how achievement will be measured. This policy is underpinned by our core values of Community, Respect, Care, Equality and Academic Excellence.

The role of the Home-School-Community Liaison is: -

1. To encourage the interest and involvement of parents in all aspects of their children’s education in keeping with our mission statement of encouraging all pupils to reach their potential in a caring environment.
2. To provide opportunities for parents to enhance their own development and thus empower them in the fulfilment of their responsibilities.
3. To create an environment where opportunities are available to enrich the learning experience of the pupil by bringing together the resources of home, school, and the local community.
4. To create an atmosphere where parents feel respected, information is shared, and communication with the school community is open at all times.
5. To acknowledge the role of parents in raising standards, enhancing achievement, raising expectations, and assisting in maintaining standards of excellence.
6. To enable parents and teachers to work together for the overall good of the children so that they can achieve their full potential in line with the school mission statement.
7. To motivate and support disengaged pupils in their school life through regular contact with their parents.
8. To fully liaise with DEIS partnerships and programmes in the school i.e., DEIS partnership and planning, Junior Cycle Schools Programme (JCSP), and School Completion Programme (SCP).
9. To provide input and support for students through the School Support team.

10. To be involved in the Critical Incident Team in the school.
11. To support parents to be involved in the Parents' Association.
