The meaningful involvement of parents/guardians in the development, monitoring and evaluation of this Policy will contribute to the successful implementation of this Policy. Parents/guardians have some responsibilities for their children's behaviour. Parents/guardians can:

- Reinforce at home the messages about learning and behaviour that are conducive to a happy and effective school
- Support our school ethos by reiterating the CMCO core values of excellence in education, care, community respect and equality

Please note: If parents/guardians need support our Home School Community Liaison and School Completion Programmes are available and can be contacted through the school office. Where the parents/guardians are unable, or refuse, to exercise their responsibility for the student and should the school request parental involvement with a discipline issue, the code of discipline will be pursued.

1.6 ATTENDANCE & PUNCTUALITY

Regular and punctual attendance is essential if students are to make satisfactory academic and social progress. Please ensure that your son/daughter is on time for school each day and attends school regularly. In line with the attendance policy parents/guardians are asked to make appointments outside of school time wherever possible.

Where a student needs to leave the school for an appointment the following is the procedure:

1. When you know in advance

- Parents/guardians must collect children unless they nominate another adult to do so
- Parents are asked to put a note on the School Information System in advance.
- If parent/guardian is not available to collect child themselves, email contact must be made with the office email colaistemhuire@tipperaryetb.ie to verify the nominated person or alternative arrangement
- When the student is signing out, they must present to the office with their parent/guardian
- If this procedure is not followed students will not be permitted to leave school
- The parent/guardian must also sign the student back in at the office if returning to school

2. If you do not know in advance

- Students may use the office to contact home
- Students are not permitted to use their own phones to contact home
- Parents/guardians may go to the office, arrange to collect children, and sign out at the office.
- The parent/guardian must also sign the student back in if returning to school

Over 18-Absences during the school day - Adult students who have not consented to share access to their personal data and who wish to leave school during the school day must bring a signed and dated note to the Year Head or senior leadership which explains the reason for impending absence. Note will be signed by the Year Head or senior leadership. The student will then present the signed note at reception before signing out. These absences should be for valid reasons and where students misuse this it will be considered to be a major breach of the code of behaviour. The school is responsible for students during school hours, and it is of utmost importance we are aware of student whereabouts for health and safety reasons.

Please note: students are not allowed out of the school during break times. As a privilege, sixth years are allowed to leave the school at lunchtimes.

Where a student has been absent, a note must be put on the School Information System explaining their absence. Students are expected to attend school. **Students who are over 18 must present a sick cert to explain more than 7 days cumulative absence in a year.**

Under Section 21 of the Education Welfare Act 2000, all absenteeism records are forwarded to the NEWB (National Education Welfare Board). After 20 days, an Education Welfare Officer may be in contact with parents/ guardians. Parents/guardians may be prosecuted for not sending students to school. It is school policy to notify parents/guardians once the number of absences has reached ten days, fifteen days and twenty days.

1.7 MODELLING THE STANDARDS

Our Shared Commitment: Staff Guidelines

The adults in the school have a responsibility to model the school's standards of behaviour, in their dealings both with students and with each other (Guided by NEWB Code of Behaviour).

At Coláiste Mhuire Co-Ed, our collective role as a staff is to nurture, support, and educate.

Our Restorative Culture: Coláiste Mhuire Co-Ed actively champions a restorative approach in all staff-student and peer-to-peer interactions. We focus on building and repairing relationships, a mindset that perfectly aligns with our core values of respect, care, community, and equality.

Whether inside the classroom, in the office, or in the hallways, every member of our team is dedicated to bringing our core values to life:

Respect: We believe in upholding human dignity, championing equality, and supporting the emotional and personal growth of every student. In our daily interactions, our staff demonstrates a genuine respect for diversity, cultural values, social justice, and the environment.

Care: Everything we do is motivated by the best interests of the students entrusted to us. Our team brings this care to life through positive encouragement, thoughtful guidance, and deep empathy for the unique experiences of every student.

Integrity: We value honesty, reliability, and true teamwork. Our staff embodies integrity by staying true to our shared commitments, taking responsibility for our actions, and leading by example with a strong moral compass.

Trust: Strong relationships are the heart of our school. Whether interacting with students, colleagues, parents, or the wider community, our connections are built on a solid foundation of trust. Inspired by the highest professional standards, we strive to be fair, open, and honest in every situation. (Reflecting the ethos of the Teaching Council's Code of Professional Conduct).

1.8 MAKING CONTACT WITH THE SCHOOL

Parents/guardians are the primary educators of their child and we recognise and support parents/guardians in a variety of ways in this regard. Should parents/guardians wish to make contact with the Home School Liaison Officer they may do so during office hours by contacting 087 9321919. (Please note that this number only operates during school hours). Should a parent/guardian wish to contact the School Guidance Counsellor, a Year Head, Deputy or Principal they **must make an appointment** by contacting the school office at 0504-21734. We will endeavour to make contact as soon as possible.

Parents/guardians who need to contact their son/daughter during the school day should only contact them via the main office as students are required to have their mobile phones switched off and in their lockers while on the school premises. If a student contacts parents/guardians using their mobile phone, without school permission, it will be a major breach of the code of behaviour. Note, if a child needs to contact parents/guardians, they may do so through the school office.

Students who leave the school premises without permission are understood to have removed themselves from the school and will be required to meet with the principal, with their parents/guardians, before they are readmitted to class in the school.

BULLYING

The school has a comprehensive Bí Cineálta (Anti-bullying policy) which has been developed in line with best practice as laid down the Department of Education. Students are advised to read this policy at www.cmco.ie and to read the following in the context of the whole policy.

1. Should a bullying incident be brought to the notice of the school the school “Anti- Bullying Team” investigates all instances of reported or suspected bullying behaviour. In the event that a student has been involved in bullying behaviour they are asked to sign a binding promise that they will treat all students fairly, equally and respectfully including the targeted student.
2. If a student has signed such a promise but then chooses to break that promise and continue the bullying behaviour, this can then no longer be considered a “mistake”. In this event parents/guardians will be informed and requested to countersign their son’s/ daughter’s promise.
3. Breach of this additional promise is regarded as a very grave matter and serious sanction may be imposed by the school authorities. In line with the school’s code of discipline, bullying is a major breach of responsibility. In some incidents it may be considered to be an extreme breach.

3.3 THE REPERCUSSIONS OF A STUDENT BREACHING THEIR RESPONSIBILITIES WITHIN THE SCHOOL RESULTS IN SANCTIONS BEING PUT IN PLACE.

For a full version of our mobile phone policy please see our Acceptable Use policy at www.cmco.ie. Students are not allowed to use phones while on the school premises. Should they wish to contact home they may do so through the school office. If a phone is seen by a teacher (when explicit permission for it use has not been given):

If a phone is observed:

1. Student will be asked to put phone in their **own** locker. Student will be asked to write page 19 from journal and to give it to their year head the following school day. Teacher will create a School Information System entry which will notify their parents/guardians and year head.

Refusal to hand over a mobile phone is a major breach of the school's code of discipline and will be dealt with accordingly.

Students may not wear headphones in class unless they have a medical reason or express permission from their teacher.

The School Principal as a duty of care must inform An Garda Síochána regarding any drug or dangerous objects possession in the school.

- Smoking and Vaping is banned within the school grounds or on school excursions. Students may not smoke or vape when in uniform outside school. Please note – automatic 3 days suspension for smoking, vaping or entering an exclusion zone.

Student lockers are school property and the school reserves the right to search lockers.
